Amendment of Section 73.202(b),)	MB Docket No. 05-248
Table of Allotments,)	RM-11262
FM Broadcast Stations)	
(Midway, Falmouth and Owingsville, Kentucky))	

To: Secretary, Federal Communications Commission

Attn: Assistant Chief, Audio Division, Media Bureau

REPLY COMMENTS

L.M. Communications of Kentucky, LLC (“LMC”), the licensee of Station WBTF(FM), Midway, Kentucky, and Gateway Radio Works, Inc., licensee of Station WKCA(FM), Owingsville, Kentucky (jointly, “Petitioners”), by their attorneys, hereby file reply comments in opposition to the Comments and Counterproposal (“Counterproposal”) of Educational Media Foundation (“EMF”), licensee of Station WLAI(FM) (formerly WHIR-FM), Channel 296A Danville, Kentucky in the above-captioned proceeding.*

DISCUSSION

THE EMF PROPOSAL

In its Counterproposal, EMF proposes to 1) reallocate Channel 296A from Danville to Wilmore, Kentucky and modify the license of its station WLAI(FM) to specify Wilmore as its community of license and 2) allocate Channel 298A at Perryville, Kentucky, arguing that Perryville is a community for allotment purposes and therefore would receive first local transmission service. For the reasons discussed herein, EMF’s proposal will not advance the public interest. Alternatively, by placing a site

* These reply comments are excerpted from reply comments originally filed by LMC in this proceeding on October 4, 2005.

restriction on LMC's proposed upgrade of WBTF, both EMF's proposed reallocation of Channel 296A and Petitioners' proposal could be granted.

I. EMF's Proposal Does Not Advance the Public Interest

EMF asserts that its request for reallocation of Channel 296A from Danville to Wilmore, Kentucky will serve the public interest because it would result in the provision of 60 dBu service to more people than are currently served. Although service to additional people is generally recognized under priority four of the Commission's allotment priorities -- other public interest matters -- the Commission has typically disfavored situations such as the one proposed by EMF where a station would move from a large community to a much smaller one and both communities currently have transmission service. According to the 2000 U.S. Census, Danville is almost three times larger than Wilmore.¹ Although the Commission has in some instances indicated that it will grant a reallocation under priority four where there is no change in transmitter site, in those cases the Commission looked to the populations of the communities in question in order to determine how the public interest would be best served.² The Commission has consistently favored the community with the larger population.³ Thus, WLAI's continued transmission service to Danville better serves the public interest, and Channel 296A should remain allotted to Danville.

In addition, the Commission should conclude that Perryville, Kentucky is not a "community" for allotment purposes and is therefore not entitled to a preference for first local transmission service.

Perryville's dwindling population, eroding commercial and cultural presence and extremely limited

¹ Danville's population is 15,477 and Wilmore's population is 5905.

² See 90 FCC 2d 88 (1982). The allotment priorities are: (1) First fulltime aural service; (2) second fulltime aural service; (3) First local service; and (4) other public interest matters. Equal weight is given to priorities (2) and (3). The FM allotment priorities are: (1) first aural service; (2) second aural service; (3) first local service; and (4) other public interest matters. Equal weight is given to priorities 2 and 3, but provision of second local service falls under priority 4, other public interest matters.

³ See, e.g., *Ankeny and West Des Moines, Iowa*, 15 FCCR 4413 (Allocations Br. 2000); *Bay St. Louis and Poplarville, Mississippi*, 10 FCCR 13144 (Allocations Br. 1995); *Hallie and Ladysmith, Wisconsin*, 10 FCCR 9257 (Allocations Br. 1995).

independent municipal services evidence that Perryville is lacking the indicia necessary to warrant community status.

Perryville's heyday occurred in the early- to mid-19th century. In recent years, Perryville has been steadily declining. At about the time of the Civil War, when Perryville was county seat and site of the historic Battle of Perryville, its population topped 600. By 1990, however, its population had grown only slightly, to 815. In the ten years that followed the 1990 Census survey, Perryville lost more than 6% of its population – falling to 763. Census estimates through 2003 show an additional 2% loss in population, bringing the total estimated population of Perryville in 2003 to 749.

Although Perryville retains historical significance as the site of the Civil War's Battle of Perryville in 1862, its present persona is that of a bedroom community of Danville. As noted in Exhibit E attached hereto, Perryville employs only one part-time and four full-time government employees. The Perryville Police Department consists of one lone officer and the Fire Department is comprised entirely of volunteers. *See Declaration of Anthony Young, Chief, Perryville Fire Department*, attached hereto at Exhibit B. Water service is provided by nearby Danville, Kentucky.

Indeed, Perryville's mayor notes the city's water service from Danville as one of his "Top 10" reasons to live in Perryville, along with its "only two stoplights – no waiting" and the Danville Advocate Messenger as a source of local news. That mayor, Bruce Richardson, states on his own web site⁴ (a copy of which is provided at Exhibit D) that he is a writer, photographer, tea blender, and frequent radio and television guest as well as speaker at tea conferences and seminars across the country. Mr. Richardson boasts elsewhere on his site that he "travels extensively throughout the year tasting and purchasing new teas." After several paragraphs dedicated to his various business and cultural activities, in Mr. Richardson's only mention of his duties as Mayor of Perryville, he states that "[i]n his spare time, he lends his leadership skills as mayor of the historic village of Perryville, Kentucky." Clearly, the

⁴ See Elmwood Inn: About Bruce Richardson, at www.elmwoodinn.com/about/bruce_richardson.html (last visited Mar. 3, 2006).

Perryville mayoral position does not take up much of Mr. Richardson's time nor does he regard it as a priority.

The Commission has concluded that a location does not have sufficient indicia to qualify as a "community" for allotment purposes when there are no stores located within it from which to purchase necessities.⁵ In this instance, the prominent Perryville business run by Mayor Richardson and cited by EMF, the Elmwood Inn Tea Room, closed its doors in late July, 2004. *See Elmwood Inn: Elmwood Tea Room Closes*, at www.elmwoodinn.com/press/documents/pressrelease_tearoom.rtf (last visited March 3, 2006). Another well-known Perryville business cited by EMF, the Perryville Furniture Mart, will soon close its doors as well. *See Declarations of Mary Morgan and Barbara Brummett, Co-owners of the Perryville Furniture Mart*, attached hereto at Exhibit B. Indeed, Perryville is without even one restaurant, grocery store, or retail clothing store within its boundaries for its residents, and clearly the businesses that are available to residents and visitors of Perryville are struggling to remain viable. And as illustrated by the photographs included in Exhibit C, many of the homes and buildings in Perryville are ill-maintained or decrepit.⁶ Perryville is truly a town in decline and does not warrant community status for allotment purposes.

II. The WBTF Upgrade Can Coexist With the WLAI(FM) Wilmore, Kentucky Community of License Change

As discussed by Charles Anderson in the engineering exhibit attached as Exhibit A, by changing the reference point for the WBTF 298C3 upgrade to an existing tower at N 38-12-15 W 84-32-51, both the WBTF upgrade and the WLAI(FM) community of license change and upgrade could be accomplished, resulting in a combined population increase of 370,789. Both of these changes and the resulting population gain can be accomplished if the proposed allotment to Perryville is not pursued. As

⁵ *See Las Vegas and Rowe, New Mexico*, 16 FCC Rcd 2312 (Allocations Br. 2001).

⁶ Motorists are not even required to slow their pace through the town – the posted speed limit ranges from 45 to 55 miles per hour on the roads that run through Perryville. *See Exhibit C.*

noted above, because Perryville does not warrant community status for allotment purposes and because Boyle County, which includes Perryville, already receives service from numerous radio stations, there should be no question that the upgrade of both WBTF and WLAI(FM) would best serve the public interest.

CONCLUSION

For the foregoing reasons, Petitioner respectfully requests that proposed substitution of Channel 298C3 for Channel 300A at Midway, Kentucky; substitution of Channel 295A for 299A at a new site at Owingsville, Kentucky; and substitution of Channel 300A for Channel 298A at Falmouth, Kentucky, along with the requisite modifications of the licenses of WBTF, WKCA and WIOK(FM), respectively, as set forth in the above-captioned Notice of Proposed Rulemaking, DA 05-2219, released July 29, 2005, be granted.

Respectfully submitted,

TECHNICAL REPORT IN SUPPORT OF REPLY COMMENTS
MB Docket No. 05-248

September 30, 2005

This technical report is provided in support of reply comments in MB Docket No. 05-248.

WBTF-Midway Population Gains:

The Commission raised an issue regarding the population gains and losses for the proposed WBTF 298C3 upgrade. Those quantities have been rechecked based on uniform, maximum class 60 dBu contours for the licensed WBTF 300A facility (28.3 km) and the proposed 298C3 upgrade (39.1 km). Using V-Soft Communications' Probe 3 computer program contour overlap feature which evaluates .5 km cells within each contour to determine whether a census block is included in the contour, the gain population has been determined to be 142,521 after a loss of 125 in population is deducted (see attached exhibit). The difference in this result and that of Commission staff would appear to be attributable to the methodology used.

West Portsmouth, Ohio Counterproposal:

The conflict between the WKCA 295A substitution and the West Portsmouth, OH 294A proposals may be easily resolved by changing the reference coordinates for the West Portsmouth 294A allocation to N 38-40-08 W 83-07-38 (see attached exhibit). A change in the reference point for the Owingsville 295A allotment could also eliminate the conflict.

WBTF 298C3 Upgrade and WHIR-FM-Wilmore Proposal May Coexist:

By changing the proposed WBTF 298C3 upgrade reference point to an existing tower at N 38-12-15 W 84-32-51, the WBTF upgrade and the WHIR-FM change in community of license may be both granted. This yields a combined population increase of 370,789 (121,141 for WBTF and 249,648 per the EMF proposal). This combined population gain could be achieved if it were preferred over the Perryville 298A proposal.

DECLARATION OF LYNN MARTIN

I, Lynn Martin, under penalty of perjury, hereby declare that the following is true and correct. I understand that this Declaration will be submitted to the Federal Communications Commission ("FCC").

1. I am President of L.M. Communications of Kentucky, LLC.
2. On September 27, 2005, I visited Perryville, Kentucky, and took the photographs of Perryville attached hereto as Exhibit C.
3. On September 27, 2005, I spoke with Anthony Young, the Perryville Fire Department Chief. Mr. Young told me that Perryville's Fire Department has no full time employees, and relies upon Boyle County volunteer firefighters who are called and/or paged if their services are needed. Mr. Young also told me that Perryville is a small bedroom village of Danville, Kentucky, and that there are no clothing stores, restaurants or fast food outlets, or grocery stores in Perryville.
4. On September 27, 2005, I was told by a resident of Perryville that the position of Mayor of Perryville is a part time position, and that the police department consists of one police officer.
5. On September 27, 2005, I observed that the Elmwood Inn Tea Room has gone out of business.
6. On September 27, 2005, I spoke with the co-owners of Perryville Furniture Mart, who told me that their store is going out of business because Perryville is "dead."

7. On September 27, 2005, I observed that the primary road through Perryville consists of only two stop light intersections along its length, and that the speed limits are 45 m.p.h. and 55 m.p.h. along this road through Perryville.

A handwritten signature in black ink, appearing to be "L. J. [unclear]", written over a horizontal line.

Oct. 2, 2005

DECLARATION OF MARY MORGAN

I, Mary Morgan, under penalty of perjury, hereby declare that the following is true and correct. I understand that this Declaration will be submitted to the Federal Communications Commission ("FCC").

1. I am co-owner of Perryville Furniture Mart located in Perryville, Kentucky.
2. The Perryville Furniture Mart is going out of business due in part to the depressed commercial environment in Perryville, Kentucky, the declining population of Perryville, and the presence of larger furniture stores in the vicinity, including in Danville, Kentucky.

Mary Morgan
Co-owner Perryville Furniture Mart
Oct. 3, 2005

DECLARATION OF BARBARA BRUMMETT

I, Barbara Brummett, under penalty of perjury, hereby declare that the following is true and correct. I understand that this Declaration will be submitted to the Federal Communications Commission ("FCC").

1. I am co-owner of Perryville Furniture Mart located in Perryville, Kentucky.
2. The Perryville Furniture Mart is going out of business due in part to the depressed commercial environment in Perryville, Kentucky, the declining population of Perryville, and the presence of larger furniture stores in the vicinity, including in Danville, Kentucky.

Barbara Brummett

Co-owner Perryville Furniture Mart

 2005

DECLARATION OF ANTHONY YOUNG

I, Anthony Young, under penalty of perjury, hereby declare that the following is true and correct. I understand that this Declaration will be submitted to the Federal Communications Commission ("FCC").

1. I am Chief of the Perryville, Kentucky Fire Department.
2. The Perryville Fire Department has no full-time employees, and uses volunteer fire fighters from Boyle County, Kentucky. The Boyle County Fire Department is located in Danville, Kentucky, and serves the entirety of Boyle County, including Perryville, which is essentially a bedroom community in Danville..

Anthony Young
Chief, Perryville Fire Department

Bruce Richardson is a writer, photographer, tea blender, and frequent guest speaker at tea conferences across the country. He spends much of his time educating Americans in the art of celebrating afternoon tea. He can often be found appearing on television and radio talk shows, or as a guest speaker at professional seminars such as Specialty Tea Institute (STI) or The World Tea Expo. He serves on the Advisory Committee for STI.

Bruce visits Great Britain annually researching new tea shops for the latest edition of his *Great Tea Rooms of Britain* book. His other photo-guidebook, *The Great Tea Rooms of America* is in its third edition. Bruce joined Jane Pettigrew (London) in co-authoring *The New Tea Companion* for The National Trust of England. His current project is a three-volume guide to tea in New York, London and Paris entitled *Tea in the City*.

Bruce Richardson is a columnist for *Fresh Cup* magazine and a regular contributing writer for *Tea Time* and *TEA* magazines.

Bruce was the co-founder and past president of the Boyle County chapter of Habitat for Humanity. In his spare time, he volunteers his leadership skills as mayor of the historic village of *Perryville, Kentucky*. His *Mayor's Cup* tea is Elmwood Inn Fine Teas' signature blend.

Bruce Richardson's speaking engagements have included events for the following organizations:

- Cincinnati Flower Show
- St. Regis Hotel, NYC
- East Tennessee Historical Society
- Pensacola (FL) Opera
- Springfield (OH) Art Museum
- Food Network Expo, Washington DC
- *Ask Heloise* Radio Show

Bruce Richardson, owner of Elmwood Inn and current mayor of Perryville, recently took the opportunity to give the

following top ten reasons that Perryville is such a desirable place to live:

10. No lawyers reside within the city limits of Perryville.
9. Perryville is the only community in Kentucky where people are encouraged to be TEA-d off.
8. Perryville has a 40-year water contract with the city of Danville.
7. Perryville has only two stoplights -- no waiting.
6. The Chaplin River is teeming with beavers to amuse the children.
5. Danville residents think that Perryville is part of Washington County.
4. There are two sources of local news -- the Advocate Messenger and Jimmy's Barber Shop.
3. Perryville has more historical grants per capita than Danville, Kentucky.
2. City changes mayors more often than Imelda Marcos changes her shoes.
1. Perryville is the bedroom community of Gravel Switch, Kentucky.
